Every part of your event held at Sanibel Moorings will be custom tailored to your wishes. Be it an intimate ceremony for two while barefoot on the beach, or a reception under the stars with all your friends and family, we will make sure that what you have in mind for that special day becomes a reality. Have your guests celebrate with you, while staying in a fully-furnished 1, 2 or 3 bedrooms Gulf front or Bay front condo, with spacious screened lanais and all the comforts of home. Take romantic surfside strolls at sunrise or sunset on our picturesque white sandy beach. Make the memories of a lifetime with your friends and family. Sanibel Moorings is like being away from the rest of the world and, after all, that's what dreams and new beginnings are made of.

Couples wishing to get married in Florida may obtain their marriage license in any county within the State. To apply for a marriage license in Lee County both the bride-to-be and the husband-to-be need to be present.

Botanical Gardens at Sanibel Moorings

Our Botanical Gardens are a must see for all garden lovers. We are forever tweaking and adding to an ever expanding collection of tropical plants and trees. Designed with nature in mind and exploding with color, we invite you to take a leisurely stroll along the pathways. Don't forget your cameras and keep an eye out for the many resident butterflies, birds, and wildlife. We always hope that our gardens will add inspiration during your visit paired with lasting memories. Just remember, that while a picture may be worth a thousand words seeing the gardens in person is priceless.

Botanical garden history

The Sanibel Moorings Resort was built in 1974. Our garden was enriched by the first gardener, who was an avid botanist. The extensive, mature and diverse tropical collection is a result of his never-ending quest for unusual tropical plants. Each succeeding gardener continued the quest and contributed their specialties to the garden. After decades of constant gardening, we can boast beauty and uniqueness. Today our present gardener Anita Force Marshall welcomes you to a unique wildlife-friendly tropical botanical garden woven around a beautiful beach-side resort.
